Your contribution is tax-deductible, less $100 per ticket for those who attend. Regretfully, we are unable to issue refunds.

(Please turn over)
The Breast Cancer Research Foundation (BCRF) is dedicated to being the end of breast cancer by advancing the world’s most promising research. Founded by Evelyn H. Lauder in 1993, BCRF-funded investigators have been deeply involved in every major breakthrough in breast cancer prevention, diagnosis, treatment and survivorship. This year, BCRF awarded $59.5 million to support the work of more than 275 scientists at leading medical and academic institutions across 15 countries, making BCRF the largest private funder of breast cancer research worldwide. BCRF is the highest rated breast cancer organization in the U.S.—the only one with an “A+” from CharityWatch and Charity Navigator’s highest rating of four stars. Visit www.bcrfcure.org to learn more.
