The Breast Cancer Research Foundation (BCRF) is dedicated to being the end of breast cancer by advancing the world's most promising research. Founded by Evelyn H. Lauder in 1993, BCRF-funded investigators have been deeply involved in every major breakthrough in breast cancer prevention, diagnosis, treatment and survivorship. In October 2019, BCRF will award $66 million to support the work of nearly 275 scientists at leading medical and academic institutions across the globe. BCRF is also the highest rated breast cancer organization in the U.S. Visit www.bcrf.org to learn more.
