Play for P.I.N.K. (Prevention, Immediate diagnosis, New technology, Knowledge), or PFP, is a 501 (c)(3) grassroots organization dedicated to raising funds for breast cancer research through lifestyle and sporting events. PFP’s commitment is to contribute 100% of all proceeds to its sole beneficiary, the Breast Cancer Research Foundation (BCRF), to fund the world's top researchers. In 2017, PFP donated $4.6 million to BCRF, which will support at least 18 research projects. For more information, visit www.playforpink.org.

The Breast Cancer Research Foundation (BCRF) is dedicated to being the end of breast cancer by advancing the world’s most promising research. Founded by Evelyn H. Lauder in 1993, BCRF-funded investigators have been deeply involved in every major breakthrough in breast cancer prevention, diagnosis, treatment and survivorship. This year, BCRF awarded $59.5 million to support the work of more than 275 scientists at leading medical and academic institutions across 15 countries, making BCRF the largest private funder of breast cancer research worldwide. BCRF is the highest rated breast cancer organization in the U.S.—the only one with an ”A+” from CharityWatch and Charity Navigator’s highest rating of four stars. Visit www.bcrf.org to learn more.
