For additional information, please contact Mary Greene at 646-497-2675 or email mgreene@bcrcure.org.

The Breast Cancer Research Foundation is a 501(c)(3) organization.
Your contribution is tax deductible, less \$65 per ticket for those who attend.

Founded by Evelyn H. Lauder in 1993, the Breast Cancer Research Foundation (BCRF) advances the world's most promising research to eradicate breast cancer. BCRF has raised more than \$570 million to fuel discoveries in tumor biology, genetics, prevention, treatment, survivorship and metastasis, making it one of the largest non-governmental funders of breast cancer research in the world. In 2015, BCRF will award \$48.5 million to support 240 researchers at leading medical institutions worldwide. By spending 91 cents of every dollar on research and public awareness programs, BCRF remains one of the nation's most fiscally responsible nonprofits. BCRF is the only breast cancer organization with an "A+" from CharityWatch, together with Charity Navigator's highest rating of four stars 13 times since 2002.
